(अग्र नु Sir सचिव कोषांग)

This is to bring the following facts to your kind attention:

1. I am a native of the village Sagarpur, PS Makhdumpur, Distt. Jehanabad, Bihar.
2. I am a Superintendent of Central GST and Customs and presently posted as Air Customs Superintendent, International Airport, Trivandrum, Kerala, and as such we are not living in the said village.
3. Recently, during the course of division of ancestral family property in the presence of the village officials who carried out measurements of the concerned plots, it has come to light that agricultural land belonging to my family (bearing khata No. 228,231 plot no. 213, 225) has been dug as part of भूतही पड़न in the course of an ongoing project of your Department viz. नागाबगीचा बांध का पक्कीकरण एव पड़न की सफाई.
4. Apparently, the land which is actually part of the said भूतही पड़न, has been encroached upon by other landowners over a period of time.
5. It is requested that the above mentioned facts may be verified in consultation with the concerned officials and my ancestral land be released at the earliest.

Early action in the matter is highly solicited and will be highly appreciated.
